# Driving professional standards is at the heart of everything we do

The Chartered Insurance Institute is a professional body dedicated to building public trust in the insurance and financial planning profession. Through relevant learning, insightful leadership and an engaged membership, we drive forward professional standards.

Success in CII qualifications is universally recognised as evidence of knowledge and technical expertise and our 128,000 members maintain their professional standing by adhering to our Code of Ethics and committing to continuing professional development. We also work with businesses to develop bespoke, company-wide solutions that ensure competitive advantage by enhancing employees' technical and professional knowledge.

With offices in London, Hong Kong, Mumbai and Dubai, we have an established global presence and work closely with many affiliated insurance institutes around the world. The Hong Kong Local Institute provides members in the region with local technical and networking events in addition to the benefits and services all of our members receive.

## **Standards.**

We play a pivotal role within the profession, setting standards for technical competence and influencing future direction.

Our members are part of a professional body that is recognised and respected by employers, regulators and professional peers.

## **Professionalism.**

Professionals holding our qualifications are highly respected and recognised for their knowledge and expertise.

We offer a range of services and corporate solutions that focus on the professional development of organisations as well as individual development through membership.

## **Trust.**

Public trust is at the heart of all that we do. Our Royal Charter ensure we never lose sight of our mission.

We help to unite the profession, increasing its credibility with governments, policy makers, regulators and consumers.

**Global  
recognition  
to help you  
succeed**

# Professionalism begins with qualifications

Our range of internationally recognised qualifications caters for all levels of knowledge and experience, from new entrants through to experienced professionals. The flexible structure of our qualifications enables learners to create an individual learning pathway that suits their needs and career aspirations.

## Global recognition to help you succeed

Our qualifications framework lets you plan a learning pathway to fit your current role and responsibilities as well as your career aspirations.

You can progress at your own pace with the flexibility to study for qualifications that suits your needs.

As a member, you can promote your expertise with pride using internationally recognised designations upon completion of qualifications. Demonstrate your level of knowledge with employers, clients and professional peers, ensuring that your commitment to professional development is clear for all to see.

## Develop the competitive edge

Your greatest asset is your workforce. Ensuring that they have the technical competence and skills to deliver exceptional customer outcomes not only helps to reinforce public trust in our profession but enables greater productivity and improved brand credibility.

We offer a range of services that help improve the professionalism of an organisation. From entry level exams and membership, to corporate online training and compliance solutions, our experience can give your organisation the competitive edge.
