CII IN THE CARIBBEAN

214 CHARTERED INDIVIDUALS

Chartered status is a symbol of technical competence. It demonstrates that you are at the forefront of your profession and serves as a mark of trust with consumers, employers and business connections.

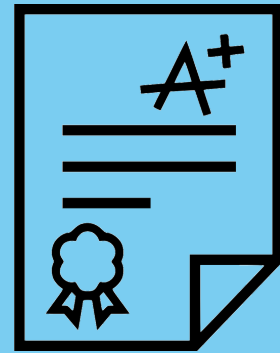

OVER 670 INDIVIDUAL MEMBERS

As the leading professional body for insurance and financial planning professionals, our members are highly respected and recognised for their knowledge and expertise. Qualified members enjoy benefits, which includes the use of industry recognised designations, allowing them to promote their expertise with pride.

OVER 450 EXAMS ANNUALLY

With over 450 exams taken in the Caribbean annually, learners are taking advantage of the CII's local online exam centres and remote invigilated exams in achieving their goal of obtaining CII certifications.

16 MAJOR CORPORATE RELATIONSHIPS

The CII's role is to support, facilitate and promote professionalism in a flourishing Caribbean insurance market. We do this by working with life and non-life insurance companies, insurance brokers and educational institutes to raise standards through introduction of qualifications and training programmes.

6 AFFILIATED INSTITUTES

The Affiliated Institute Programme (AIP) enables collaboration and sharing between the CII and insurance institutes around the world, so we can work together more effectively to build a trusted international insurance profession and support our member engagement.

FURTHER INFORMATION

For more information about the CII's services to support students, employees and employers of Caribbean professionals, please visit our Caribbean webpage: www.cii.co.uk/caribbean
