WHAT IS IT?

InsuranceAssess is an online training and competency solution, designed to enhance the technical knowledge of insurance professionals in a cost-effective, high impact and enjoyable manner.

WHO IS IT FOR?

Insurance firms that aspire to attract, develop, motivate and retain the highest calibre of professionals in their marketplace.

WHAT'S IN IT?

In a word: Lots! **600 courses** which cover:

- personal and commercial
- broking, claims, underwriting and business skills

HOW DOES THE 'ASSESS' PART WORK?

Very flexibly, to meet your personal and business needs. The options include:

Micro assessments

Exploring defined areas of technical competency in a single sitting

Standard assessments

Choose the course, the number of questions and the pass mark – and an assessment is automated created that meets your criteria

Recruitment assessments

Testing the knowledge of candidates for a role

Gap analysis

Measuring a user's knowledge against the competencies required for the role

WHO USES IT ALREADY?

Many of the UK's leading insurers, including:

We invested in the Assess platform originally to handle our compliance requirements and for CII learning materials. We now create and curate our own specific content. Our people love how easy Access is to use, along with other useful functionality such as CPD recording to keep everything in a single easily accessible place.

We have been using the Assess platform and content for more than 10 years and it's been a valuable tool which provides a range of key reports. The technical and soft skills learning on the platform seamlessly complements some of our own proprietary materials. We've always found the CII team to be highly responsive and knowledgeable.

Assess gives us the ability to create learning that keeps our members at the forefront of their profession with the latest thinking, knowledge and expertise in one place. During the pandemic the platform became the one source for all of our latest advice, mandatory learning and helpful guidance. Assess allows us to deliver meaningful learning to develop people beyond the technical whilst being backed with valuable accredited content by the CII which is vital in our business.

WHAT MAKES IT SPECIAL?

- Pre-built learning pathways
- Inbuilt CPD tool
- Dashboard reporting
- Accessible from a PC, tablet or mobile device
- No installation required
- Simple admin
- And much more!
